SUMMARY

Developer with 2 years of experience in Angular and .NET Core, able to learn quickly, adapt fast, and build clean. Problem solver with a growth mindset, effective in both solo and team settings.

WORK EXPERIENCE

Intern C# Developer | Vsirius | February 2024 – April 2024

- Assisted in developing a Backoffice management system for a store using ASP.NET MVC.
- Implemented business logic for handling user information and store data.
- Built UI components with HTML, CSS, and Razor views to support management features.

Software Developer | Vsirius | April 2024 – Present

- **Backend Development:** Developed and maintained backend services with **ASP.NET Core 8**, focusing on **business logic**, **API stability**, and **security**.
- **Database & Architecture:** Designed and optimized operations with **EF Core**, **LINQ**, and **SQL Server**, applying **Clean Architecture** and **SOLID principles**.
- **System Optimization:** Built task and level modules using **queues** and **stored procedures**, and enhanced the search system with **metadata-driven improvements**.
- **Frontend Development:** Implemented key features (landing page, authentication, Quán Quen community, table reservation) in **Angular 18**, leveraging **NgRx** and **Signals** for efficient state management.
- **UI/UX Engineering:** Created **reusable UI components** with **Angular Material** and **Tailwind CSS**, ensuring **responsive** and **scalable design**.

SKILLS

Frontend: Angular 18, Tailwind CSS, Signals, NgRx, RxJS, Reactive Forms

Backend: ASP.NET Core 8, C#, EF Core, SQL Server

API & Authentication: RESTful APIs, JWT, Middleware, Exception Handling

Testing: xUnit, Testing Library, Postman, Swagger

Tools & Workflow: Git, Bitbucket, Jira, Agile/Scrum

Others: Problem Solving, Self-learning, Time Management

EDUCATION

Bachelor's Degree Computer Science,
University of Information Technology, Ho Chi Minh City 2024
